

IT'S A BIRD...IT'S A PLANE...IT'S...

Following up their super-fun, super-wild, super-packed performance last October at The Belcourt, **MAS** is back with a brand new show in a brand new venue! On Tuesday, April 19th at 7:30 PM, Cori Laemmel, Erin Parker, Laura Matula, Megan Murphy Chambers, & Melodie Madden Adams bring you **SuperMAS** on Studio Tenn's stage in Jamison Theatre at The Factory.

In **SuperMAS**, their ninth original production, the **MAS** gals will embrace their inner super-heroines; when they're not fighting crime and leaping tall buildings, they're delivering all of what audiences have come to love and expect: *fantastic harmonies, glitter, high heels and humor in the polished-yet-irreverent way that only MAS can!*

"I don't think we – or our audiences – have ever had more fun at a MAS show than we did in October, so if we're going to top that, we'd definitely need to use our superpowers. Hence **SuperMAS** was born," says Erin Parker. Megan Murphy Chambers is equally excited: "We get to wear masks and stuff, right? Or, like, grappling hooks?"

But we super-digress - if you're a stranger to **MAS'** music, humor, and shenanigans, it's time to grab some friends and catch the **MAS** gals in action! **MAS** is a **Mutual Admiration Society** of five Nashville-based singer-actresses who bring live music, comedy, cleavage and class to the stage with their signature "concert-meets-cabaret experience". Cori, Erin, Laura, Megan and Melodie will wow you with their power to make you laugh, cry, groan and keep coming back for **más**.
